## Open New Eight-Room School In Arbury Hills

Summit Hill school district has moved its pupils into the new building in Arbury Hills.

Moving of furniture and equipment from the old one-room structure on 191st street to the modern eight-room building off U.S. 45, was accomplished last week-end and classes were conducted in the new quarters for the first time Monday, Nov. 14.

The school board has ordered new furniture for two more rooms and it was expected it would be delivered by the end of

this week so that next week regular class sessions can be resumed.

Because of the number of pupils, 84, and the fact that there was but one room to accommodate them Summit Hill has been running on half-day sessions. Another teacher is to be employed so there will be three on the staff.

The new school has been completed for several weeks but was not put to use until this week for lack of an agreement between the Summit Hill board

and the developers of Arbury Hills.

The developers built the school after stating that building and site, approximately nine acres, would be a gift to the school district. Later the developers raised the question getting some reimbursement from the board for providing school facilities for pupils not residing in Arbury Hills.

There were 40 children in Summit Hill school last year before any of the Arbury Hills homes were occupied. The de-

velopers asked for \$29,000 from the district to apply on the cost of two of the rooms in the new school.

Such an agreement has been reached. The district will pay \$29,000 out of the \$35,000 bond issue approved last summer for building purposes and the developers are now having a warranty deed drawn which will give title to the site and building to the Will county bond school trustees, according to information given County Superintendent Verne E. Crackel.

The new school and grounds is said to have a valuation of approximately \$150,000.

The remainder of the money in the bond issue is reserved to meet the cost of furnishing the new school.

While for all practical purposes the school will be operated and maintained by the district as tho it were its property, title to all school property in the county is vested in the county board of school trustees.

Charles Relis is the principal.

## Mokena Schools To Join In Airborne TV Experiment

The Mokena school board accepted a proposal to participate in the experimental stages of the midwest program for airborne television instruction. Mokena's share is \$250 of the total estimated cost of \$25,000. If the experiments prove successful it will be necessary for the school to provide receiving equipment at a cost of not more than \$300 per unit.

The board feels will help keep Mokena abreast with modern teaching methods and upgrade the instructions given the pupils at all levels. TV teachers will be co-workers with faculty members and the local teachers will have the advantage of the TV teachers research and preparation. It will strengthen the weak spots in the present curriculum by supplying foreign language specialists, experts in the scientific fields and mathematics and specialists, etc.

Other advantages of M.P.A.T. are pointed out by the board. To begin with it will free hard-pressed teachers from some lesson and planning loads, and supply course manuals with discussion questions and other training helps. It will help develop good listening habits and be a means of extending good listening to critical thinking. Time will be saved in teaching certain subjects -- TV is a strong force for involving learners directly in the follow-up of the lessons in the classroom thru excellent prepared study guides, it was stated.

The purchase of a trampalane by William Donaldson, physical education instructor was shelved until the next meeting to allow the board time for further study of the advantages and disadvantages of such equipment.

Board member James Stewart was instructed to draw plans and specifications for a sidewalk to connect the present walk to the south entrance of the school to the new entrance to the gymnasium.

The board approved plans to build a storage room for the storing of band uniforms and plans to change the stairs of the stage so the performers would approach the stage from the rear rather than the side.

## 1,000 Attend Will Co. 4-H Achievement Night Show

The fifteenth annual Will County 4-H Achievement Night attracted many 4-H'ers, leaders, parents, and friends to Lincoln-Way high school Friday, Nov. 11. A thousand persons came to see Will County's 4-H membership honored.

George Woodcock, distributor for an oil company, presented the 4-H Key Award to county winners. Assisted by members of the Will County 4-H Key Club, Mr. Woodcock presented the awards to: Camille Abrams, Lockport; Janet Johnson, Manhattan; Beverly Riegel, Peotone; Jean Ann Meyer, Manhattan; Carol Schaal, Bonnie Davis, and Ralph Jackson, Jr. all from Wilmington.

The Club's of the Year were Wesley Bees, Jackson Livewires, and Reed-Custer Ramblers. The Reed-Custer Ramblers, led by Jack Fitzpatrick, Custer Park, and Forest Peters, Wilmington, was organized last year.

One of the state's delegates to National 4-H Club Congress was chosen from Will County. Beverly Torok, daughter of Mr. and Mrs. Frank Torok of Monee, will represent the county and state at the big week in Chicago. Beverly is attending the University of Illinois at Urbana.

Will County 4-H Federation's Achievement Night Committee was responsible for the program.

A highlight of the fifteenth annual Will County 4-H Achievement Night was the presentation of the Junior 4-H Key Award. This award for youngsters beginning their 4-H careers was presented by members of the Will County 4-H Key Club.

Four youngsters enrolled in agricultural 4-H clubs and four youngsters belonging to home economics 4-H clubs received the certificate award. The home economic club members who received the award and their year of 4-H membership were Beverly Bever, Elwood, 1st; Beverly Bever, Elwood, 1st; Susie Gall, Peotone, 2nd

JOHN C. LAVEZZI AD 2, US Navy, son of Mr. and Mrs. Douglas Lavezzi, Mokena, has recently achieved a new rating to Aviation Machinist's Mate, Second Class. He enlisted in the Navy Dec. 26, 1957 and is getting ready for his third cruise of duty in the Mediterranean. His first ship was the Aircraft Carrier USS Intrepid, the second ship was the Aircraft Carrier USS F.D.R. The Lavezzi family has received a complimentary letter of John's promotion from his commanding officer.

## Frankfort Plans Yule Decorations

Frankfort will have a holiday appearance during the Christmas season according to plans aired at the Monthly Chamber of Commerce meeting Wednesday November 9. The Chamber is not sponsoring the program as a group but outlined suggestions for merchants and groups to use individually.

If the suggestions are followed there will be a Christmas tree in front of every store in the village. The merchant will provide his own tree and lights. A new organization known as the Civic Forum plans to erect a Christmas tree on the top of the grain elevator and to provide some lighting thru town. Paul Lambrecht and Leonard Patterson head the Forum's decorating committee.

The Chamber will nominate three new directors at its next meeting December 7. They will replace Walter Mark, Ed Lauffer and Wayne DePorto whose terms expire.

The January meeting will be held at Valley View Farm, Jan. 18 and will include wives and friends. Tickets will be available at next meeting and are priced at \$5 per couple for members and \$7.50 per couple for non-members.

## L-W Joins In Junior College District Study

The Lincoln-Way high school board has voted to join with the other high schools in the Southwestern Suburban conference, plus Argo and Blue Island, to continue a study and survey covering the possibilities of establishing a junior college district.

Such a district would be a wonderful thing for all the underlying high school districts, it was pointed out because the valuation of the proposed college district is already close to a billion dollars so the amount of tax each property owner would have to pay would be quite small, it was brought out.

A committee to represent Lincoln-Way in this study has been appointed in the persons of William S. Welsch, Mokena; Frank Makar, New Lenox; Dr. Lawrence Lee, Manhattan; Floyd Martin, Lincoln Estates and Wendall Morrison, of Frankfort.

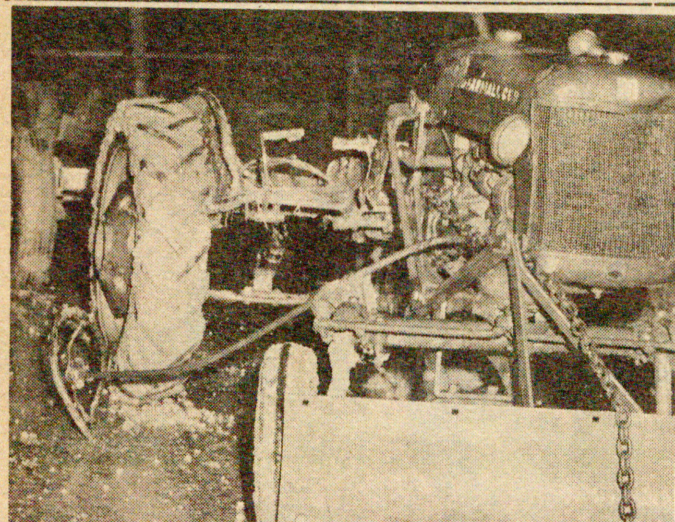

## Give Lecture

The Frankfort Methodist church will sponsor the showing of a colored film and lecture by Sam Campbell, noted nature lover, author and lecturer. The title of the film is Animals in the North Woods which shows their habits and survival during the changing seasons.

The film will be shown Wednesday, Nov. 30 in the Frankfort grade school starting at 7:30 p.m. Donations: \$1 for adults and 50¢ for school children may be purchased prior to the evening's performance by members of the church or at the door.

chest. He lived only a few minutes and was dead before he arrived.

According to the information given investigators Slager was hauling the load of plywood from Arbury Hills to a farm yard on the west side of the highway on a short distance north. The farm is used by contractors to store material used in the housing development.

Tractor involved in fatal crash on U.S. 45.

## 1 Dead, 1 Injured When Auto, Tractor Collide

A passenger in an automobile was killed and the driver of a tractor injured at 5 p.m. Tuesday when the car plumed into the rear of a wagonload of plywood that was being towed along U.S. 45 near the entrance to Arbury Hills subdivision near 193rd street.

The dead man is Louis Landry, 60, of 3328 W. 61st street, Chicago. He was a passenger in a car driven by Charles Stephens, 58, of 3520 Princeton ave., Chicago.

Driver of the tractor is George Slager, 25, of 143rd and Bell road, Homer township. He is in Silver Cross hospital with a possible leg fracture and complains of pains in his neck

and back. His condition is described as serious.

The driver of the car suffered minor bruises but was not taken to a hospital. He told Deputy Coroner William Goodale, Jr., and State Trooper Earl Cantone that he was driving north on U.S. 45. It was dark, windy and the pavement was wet. He said there were no lights on the tractor or its tow and he did not see the wagon until he was so close that he was unable to swerve far enough out to avoid collision.

When he struck the wagon some of the plywood was shoved back thru the car's windshield, striking Landry in the head and

FRANKFORT C. of C. had dinner at the Ritz restaurant on Wednesday night of last week to discuss future activities. The subject of decorating streets for the Christmas season was discussed.

The Chamber is not in charge of the decorating but is making suggestions for merchants to use individually.

referred to a fact finding committee for discussion at future meetings. Other meetings are planned for the organization of youth groups, community baby sitters, social clubs, a better business bureau and local government. After several meetings, when members are sufficiently acquainted with one another, an election of short term officers will be held and committees formed to promote the common interests of the people in Arbury Hills.

The regular meeting of School District 161 Booster's Club was held Thursday night, Nov. 10th with Mrs. Marvin Rognlie, President presiding. Mrs. Fred Hensch reported on plans for the Bake Sale - it will be held December 3 at Richardson's meat market in Mokena starting at 11:00 a.m. The call will go forth to all mothers to donate baked goods for the sale - 100% cooperation is urged and will be greatly appreciated. Mrs. Archie Estes gave a brief report on the Halloween Party and thanked all who helped. Plans are now to have an Open House at the school instead of a regular December meeting. Mesdames Hentsch, Lauffer, Fife and Watkins volunteered to hostess the affair. Mrs. Vernon Crowder volunteered to co-ordinate efforts for the children's Christmas parties and Mrs. Thomas Tanis was appointed Membership Chairman. Charles Relis, principal, spoke about the need for school spirit and enthusiasm and the need to stick together in School District 161. Meeting was adjourned and coffee and donuts were served by Mesdames Rognlie, Estes and Plumly. Anyone interested in discussing the possibility of opening a

co-operative kindergarten next fall are asked to contact Mrs. John Hayden, Telephone Mokena 5808.

Guests in the Walter Plumly home last week-end included Mr. Plumly's sister and family, Mr. and Mrs. Walter McConaughy and son, Steven, from Columbus, Ohio and Mrs. Kate Benson, Barnesville, Ohio.

And now we continue with our introductions by getting to know the folks on South Beechnut Drive and West Rosewood Lane. We have only two families on South Beechnut which is the first street on the West on which the sales office is located. At 19349, John and Betty Durgin made news in August when they became the first family to reside in A. H.; they have three children, Barbara, 7, Betty Lou, 4, and Ginny, 3. The Durgins came here from Park Forest, he is a salesman for National Biscuit Company.

Moving just two weeks ago to 19323 S. Beechnut Drive was the Veltman family, Herman and Janet, daughter Marilyn, a 9th grade student at Roseland Christian Jr. High, Earl, 12, Diane, 9, and Laura Lee, 4. Mr. Veltman is with the Andrew Corp. in Orland Park.

Rosewood Lane is the short street running East up the hill from Beechnut Drive. On the corner, at 9527, we find Charles and Sandra Fink and Charles David, 5, Gregory, 4 and Tammy Lynn, 11/2; they came here from Joliet, Mr. Fink is with the Continental Baking Company. The Finks have made their home very attractive by the addition of a flagstone planter running around almost the entire exterior of their home and incidentally, Mr. Fink can secure this flagstone for anyone interested.

At 9521 are Leroy and Mary Harris, daughter Barbara, 12, and son Bruce, 8. They are long time residents of Chicago land; Mr. Harris is employed at the Ford Assembly Plant in Chicago.

Across the street, at 9526 are former Harvey residents, the Maschmeyer family. Harold and Ann are the parents of Harold, 13, Janice, 7, and Bobby, 4 - Mr. Maschmeyer drives to the Ford Stamping Plant in Chicago Heights as his place of employment.

The very amiable storm window representative, Mr. John Smith, resides at 9520, John and Dorothy have four boys, Rick, 12, Ted, 10, Mike, 5, and Johnny, 2; he is with the Illinois Bell Telephone Company working out of a garage in South Chicago.

Another Chicagoland couple coming here from Roseland are Joseph and Mary Farnham at 9514. The Farnham's have two daughters, Deborah, 2 1/2, and Little Pamela, 10 1/2 mos. old - he is employed at Argonne National Laboratory and attends Northwestern University night classes two nights a week.

Next week we'll meet more of our neighbors in Arbury Hills - and won't you please call me with your news - I'd appreciate it!

## Board Seeks Aid Planning New Building

The Frankfort grade school board is asking aid in planning its proposed school for Connecticut Hills, the subdivision lying north of U.S. 30 and west of U.S. 45. Letters have been written to the State Association of School Boards and the state department of public instruction asking for help in conjunction with the preliminary work and planning.

Such step was agreed to at the meeting of the board last week. This meeting, incidentally, was the shortest held this year.

Although the actual building of the new school may be some distance in the future, the board felt that now is the time to glean all possible information regarding financing, construction and growth needs.

School Superintendent LeRoy Wright stated that the fifth grade is now overcrowded and arrangements will have to be made to split the class into two rooms before the end of the year.

Wright was authorized to purchase material for bulletin boards to be installed along the wall of the north entrance. He was told also to purchase rain gear for the school patrol; a tool cabinet and a typewriter stand. The board also instructed Wright to make all minor purchases not contained in the revolving fund at his own discretion rather than to delay purchases pending the board's approval.

Frankfort Lions Club was granted permission to use the school gym every Sunday from 2 p.m. to 4 p.m. for recreational purposes. The Methodist church as authorized to use the gym and public address equipment Nov. 30 for the showing of an educational film.

Permission will be asked of the village board to place warning signs in the center of the roads around the school during the periods that children are crossing to and from school. The school has four signs that are at present in the school yard, but are not effective in warning motorists. If privilege is granted, the School patrol would place and remove the signs from the street.

### WOMAN'S CLUB

Louis F. Bottino, member of the Illinois state legislature and administrative assistant to the superintendent of Joliet public schools, was the speaker at the November 14 meeting of the Mokena Woman's club.

Mr. Bottino, superintendent of Will County Schools for thirteen years, spoke on "School Problems Facing the State of Illinois" at the meeting held at the home of Mrs. Lawrence Kohl on 191st Street.

## Honor Peotone Couple On Golden Wedding Anniversary

Mr. and Mrs. G. A. Hossbach of Peotone celebrated their golden wedding anniversary, Sunday, Nov. 13 in the American Legion hall, Peotone.

Prior to retiring in the village they farmed in the Frankfort and Peotone areas.

Mrs. Hossbach was presented a yellow mum corsage and her husband received a yellow buttonhole which they wore during the celebration and at the 5 o'clock dinner serving 125 relatives and friends including the Rev. and Mrs. Erich Bizer of Frankfort and Dr. and Mrs.

E. Plassman of Peotone.

The honored couple have two daughters, Mrs. Evelyn Barry and Mrs. Elvira Engelhardt and one grandson Jerry Engelhardt all of Peotone.

Following the dinner a social evening was enjoyed and a purse and gifts were presented to the celebrants.

Those attending were from Chicago, Joliet, Wilmington, Frankfort, Mokena, Matteson, Chicago Heights, Homewood, Riverside, New Lenox, Monee, and Peotone.

## Stress Safety Program In Building School Addition

Work on the addition to Orland Park grade school, which began last week, has presented school authorities with safety problems.

Construction, sometimes called "spectator work," holds a fascination for young and old and school administrators are considering various measures to protect pupils while the work is in progress.

The new addition is being built just north of the present building. The Robert G. Regan Construction Co. of Joliet has the general contract for the structure.

Building operations are not the only hazards to contend with, however, it was brought out. There is also the question of bus transportation. Heretofore, buses have loaded and unloaded at the rear of the school. Now they will pick up and discharge passengers in front.

The school fronts on 143rd street, which is also a part of the Southwest highway, is a busy thoroughfare. The school board has a crossing guard there, Policewoman Eleanor Voss, and she with the aid of village police are expected to keep the situation under control there but persons using 143rd street when pupils are boarding or alighting from buses are asked to use extra caution.

Teachers also take a hand with the loading of buses.

## Feed-Grinder Truck Crashes

Last Monday afternoon the feed grinder truck of Mokena Grain Co. was badly damaged when it overturned on Sauk Trail near the Manitouka Reformed church camp.

Tilman Russell, the driver, who was thrown clear of the wreckage, said he had no idea as to how the accident occurred. He was temporarily unconscious and when he came to found he was lying on the ground and the truck across the road from him.

The accident happened around 3:30 p.m. Until the truck is repaired arrangements have been made with other grain companies to use their grinder to service this area.

## International Live Stock Show Opens Nov. 25

Largest of the nation's agricultural shows, the International Live Stock Exposition, will celebrate its 61st anniversary here Nov. 25 to Dec. 3.

It will be held in the 13 acre International amphitheatre and a wide area of the nearby Chicago stock yards. The management anticipates animal listings for the show will reach the 10,000 mark by the time a final tally is made after the close of entries November 1.

Prominent live stock breeders from near and far, boys and girls from farm and ranch, and leading horsemen will combine to send their best specimens to the competitions of the Chicago Exposition that annually determines the crowning championships of the year among 38 different breeds to farm animals that will be on featured display.

ALL BREEDS of dairy cattle, as well as beef cattle, will be seen in competition at the Exposition.

## Daughter, Stepson Share Abbe Estate

The estate of Mrs. Hulda Abbe of Mokena, who died last Sept. 21, is listed at \$41,000, according to probate court records.

A daughter, Mrs. Clara Abbe Burkhardt, of Lakeland, Fla., and a stepson, George M. Abbe, of Mokena, are to share the estate, according to the will which has been admitted to probate by Judge Stewart C. Hutchison.

The stepson will serve as executor. The daughter, named in the will as co-executor, does not qualify because she resides out of the state.

The will was signed May 31, 1938, jointly by Mrs. Abbe and her husband, William. The instrument provided that a life interest in the estate would go to the survivor, with the children sharing it after the survivor's death.

Court records show the estate consists of \$1,000 in personal property and \$40,000 in realty.

## 300 Attend 75th Birthday Party For Charles Krapf

Three hundred relatives and friends attended the open house last Sunday in honor of Green Garden resident Charles Krapf's 75th birthday held in the American Legion hall in Peotone. Three grandsons of the honored guest, Bill and Dennis Krapf and Charles Patton, were placed in charge of the guest book. A huge birthday cake formed the centerpiece of the buffet table; serving coffee and punch were Judy, Peggy and Coralee Krapf and Mrs. Beverly Krapf-Hawkinson.

Following the open house a family dinner was served at 6 p.m. to one hundred. A program was held after dinner with Mrs. Amanda Dralle as toastmistress. She read a verse she had written telling the story of Mr. Krapf's life; later presenting him with an anniversary plate of the Green Garden Methodist church of which he faithfully served for many years. The Rev. Albert Sorenson of Joliet, a friend of the family was the guest speaker.

Entertainment was presented by Coralee Krapf who played a piano solo; Judy, Peggy and Coralee Krapf sang "He", Dennis Krapf played an accordion solo and seven granddaughters closed the program by singing their grandfather's favorite hymn.

## State Bond Issues Look Like Winners

While the fate of the two special state bond issues voted on at the general election Nov. 8 will not be known for a certainty for perhaps another 10 days or two weeks it is believed by those experienced in collecting election returns that they have been approved.

It is practically certain that the bond issue for expanding present mental health facilities and building new ones has been approved by the voters and it is believed the bond issue for expanding the plants of the state's six universities also passed.

It was believed each issue would have to have around two million three hundred thousand votes to ensure passage.

To carry them must have had a majority of the number of those voting for representatives in the general assembly. It is understood that the cumulative totals cast for legislators in each district would be divided

by three of a half to determine the number of voters who marked ballots in that race, inasmuch as a vote for one legislative candidate is multiplied by three; if one votes for two each is given a vote and a half. It will not be until the official state canvass is completed that the vote can be figured, it was explained.

## The Election

Well, it was quite an election. More ballots were cast than at any previous election and no one can complain that those voted into office were selected by a minority segment of the population.

This flocking to the polls is a healthy sign and it is to be hoped that the interest which prompted such a heavy vote will not languish but be maintained in the acts of the office holders chosen.

The presidential election was a close one. It certainly should not be considered as a mandate for the victors to stray too far off from the middle of the road.

We suspect that the big government school of thought had a foot in each camp although its imprint was larger in that of the Democrats. In a speech at Valley Forge shortly before election Mr. Kennedy made it clear he was on the side of big government. He stated that he believed the federal government should exert more control over TV products and programming. He also stated that in the development of large cities there was no room for government on local suburban level. The federal government, he said, should have a voice in metropolitan growth.

It is to be hoped that if Mr. Kennedy or his chief officials ever attempt to take over control of TV -- radio, newspapers and magazines could very well be next -- or supplant local government with federal government that the Congress would say "No," in a loud, firm tone.

It seems difficult for Congress to say "No" to a chief executive, especially if a majority of that Congress is of the same political party of the President.

Therefore, we repeat that we hope the public will continue to show a lively interest in government affairs and keep a watch on Congress. Regardless of what party is in power it is a good thing for the public to keep close tabs on Congress. Congressmen like to stand in well with the administration but if they fail to gain the support of their constituents they will not be in Washington.

We would like to take this opportunity to congratulate Mr. Kennedy and Governor Elect Otto Kerner for their victories. We sincerely hope both will give the nation and state such administrations that they will go down in history as examples of excellence.

We would also like to take the opportunity of congratulating the Republican victors in the contests for the county offices of Will county. They were all men who have served in those offices and if they had not done good jobs the voters would have turned them out.

This election was marked by the voting of split tickets so the fact these county incumbents were re-elected should be considered a testimony to their good conduct of public affairs.

To touch on the national election again we should like to comment that we thought Mr. Nixon took his defeat graciously and that Mr. Kennedy was equally gracious in his role as winner.

## On Second Thought

By GLENN F. LOGAN

Well, here we are again in the midst of the hunting season.

At this writing we do not have any statistics as to the casualties among the hunters, the pheasants and waterfowl, the farmers and farm animals.

Scattered returns from around the state would indicate that the number of birds downed exceed the hunters, farmers and farm animals.

When the deer season gets in full swing in Wisconsin and Michigan the bag of hunters is expected to increase.

Somehow the sight of some moving object marked with scarlet or fire engine red -- protective coloration of hunters prowling woods -- seems to confuse other hunters and they bang away, often with fatal effect.

"I thought it was a deer," is the standard explanation.

There are red deer, of course -- or at least Sir Walter Scott and other writers have described them -- following the red deer. . . . run a line in the poem of the man whose heart's in the Highlands wherever he goes) but not that red.

So far as this writer knows there are no scarlet or fire engine red deer in these parts. The only explanation we can give for having a hunter wearing such colors is that the hunter is color blind or is near sighted.

It is more difficult, however, to come up with an explanation to why a hunter should mistake a farmer, horse or cow for aasant, or a sheep for a rabbit, or a dog for a rabbit or squirrel. Especially the large or king size dog.

Yet this is done every year.

Hunters shoot hunters by being too quick on the trigger or failure to have the safety on when stumbling. Most hunters that are shot, however, appear to shoot themselves. Grasping gun by the muzzle and pulling it thru a fence seems to be a favorite method. Another sure-fire way is to put a loaded gun in a car at the close of the day's outing, cocked of course, and then on arrival at home or lodge, grab the gun by the muzzle and pull.

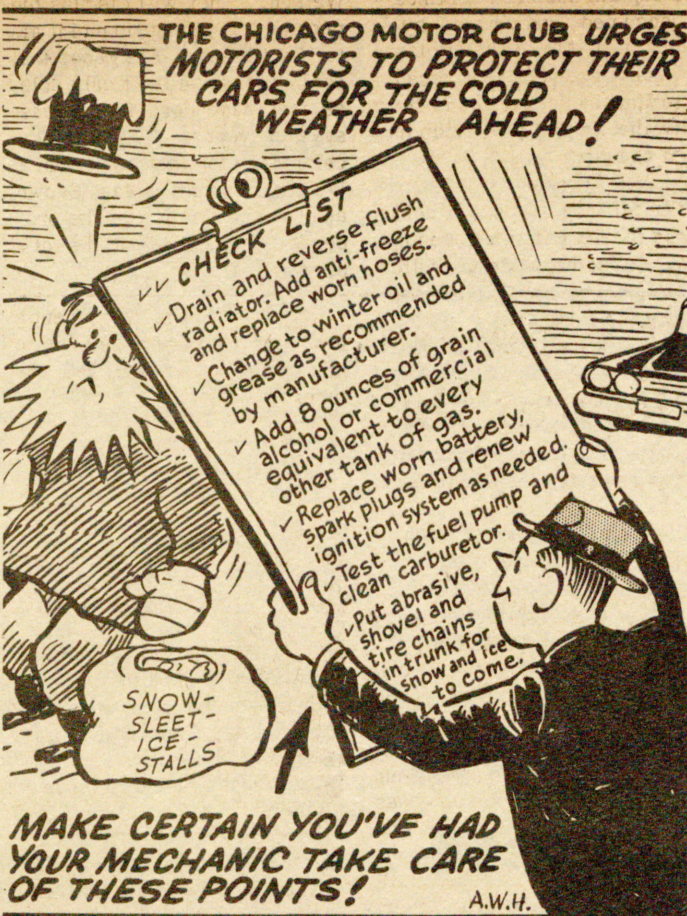

Note we do not say pull the gun out of the car for the simple reason that it doesn't get that far.

Guns are a useful tool under certain conditions and hunting can be a fine sport but to use and enjoy them properly one must use care.

Too many know too little about guns and you know the old saying, "A little knowledge is a dangerous thing."

Next week is Thanksgiving and that may be a temptation for some to endeavor to get their meat supply for the holiday by their hunting prowess.

Just a suggestion. You can buy it cheaper than you can shoot it.

TINLEY PARK - KE 2-4374  
With the completion of the 4-H achievement programs, we now look forward to another 4-H club year. A number of clubs have already re-organized for 1961 and new officers have taken the reins.

I recently met with a group of people from the Riverdale-South Holland-Dolton area who are interested in getting a 4-H club started in their community. Howard Wood from South Holland was the spark-plug of this effort. Gene Davis, a former 4-H'er from southern Illinois now living in Homewood, has agreed to lead the newly formed club. Boys and girls in the vicinity can get more information about 4-H club work by contacting Wood and Davis.

We in 4-H club work are very proud of organizations and individuals who contribute to the 4-H club program. From time to time we make a special effort to show our appreciation. This week's bouquet goes to the Orland State Bank, George Gee, cashier, and the Bremen State Bank, Harry Mager, president. The Orland bank sponsors the recognition given to the 4-H king and queen and their courts. The Bremen bank sponsors project trophies and has been

a three-year contributor to the Illinois 4-H Foundation. The Foundation provides resources for many statewide 4-H programs and the International Farm Youth Exchange. Mel Keup of the Bremen bank also serves as treasurer of the South Cook 4-H Fair Association.

The grand champion steer at the South Cook 4-H Fair will be entered in the International Livestock show at the end of November. Jimmy Sheehan of Orland Park, the owner of the calf will show it at the International. Another animal will also be exhibited at the International by his father.

4-H clubs in communities throughout southern Cook County will be holding local achievement programs in the near future. The Glenwood Aces 4-H club with Henry Veldhuizen Sr., leader, have already held an achievement program. The Tinley Hustlers, Mr. and Mrs. Earl Siemsen leaders, held their achievement program this week. Rich-Bremen, led by Mel Hoger and Ray Meyer, will hold its achievement program Nov. 25. These achievement programs provide an opportunity for friends of 4-H club work to offer assistance, also for parents to assist the club leader in properly recognizing the efforts of 4-H boys and girls.

## Hints For Homeowners

BY: JAMES FIZZELL, ASST. FARM ADVISER

Flowering bulbs can be forced to bloom for Christmas if they are started now. Hyacinths, crocuses, narcissis and daffodils are the best bulbs to force indoors. These bulbs contain tiny undeveloped plants which are ready to grow and flower as soon as they receive the proper light, moisture and temperature.

The easiest method of forcing bulbs indoors is pebbles. Secure small clean pebbles about the size of a pea, and place them in an attractive shallow bowl. Many nurseries, garden or pet stores carry white and colored pebbles which will work very well. Press the bulbs firmly into the pebbles being careful not to injure the bulbs, and add enough water to bring the level just below the base of the bulb. The roots will grow and reach the water within a short time, and will soon spread through the pebbles to support the bulb.

It is most important to promote substantial root development before the top growth begins. This is done by placing the planted bulbs in a cool, dark place for ten days to two weeks before forcing. When the roots are two inches long, put the bulbs in a warm room near a north or east window. After the

## Business & Finance

BY MAURICE P. ANGLAND

The election is now over and much closer in results, than had been anticipated. However, these results cannot be relied on as a barometer of what to expect from the new administration. There are various shades of social beliefs in both major parties. The ultra conservative of both parties are closer in ideas than they are to groups within their own parties.

Customarily there is what is known as the "honeymoon" period in which a new administration has its greatest success in pushing thru social legislation on which the victors place their greatest emphasis as to social legislation. Some of this such as old age assistance in medical care, has been expected regardless of who won. In recent years, due partly to restrictions of pension funds and group insurance, the age group being effected by such restrictions has been reduced to about 45 and up. This employment pinch from about 45 years of age has created a very large group that are interested in social protection. Political groups are very sensitive to such situations. The political power of such a large segment is great. Financial analysts express themselves as believing:

1) That economic aid to Latin America and African countries will increase although more emphasis on loans than on gifts. Stress is to be on raising industrialization level of those countries and standard of living. This is mainly, of course, a cold-war need.

2) A greater effort to have western European countries, now prosperous, to share in our cold war efforts and share the world burden. West Germany has officially stated it will raise its portion of this effort, very substantially. It is expected others of these countries will also increase their contributions.

3) The government will fight hard against any pressure to increase the price of gold and reduction in value of the dollar. Speculators have an interest in increase in price of gold, but western countries realize that any reduction in official value of the dollar, would also force changes in value of their own currencies. Pressure on the dollar will be lifted as other countries share the cold war aid to under developed countries. This snarling of cold war costs is very important as it is this figure that has brought the heaviest pressure on our loss of gold. No doubt the Russian cold war technicians have relied on this factor as a weak link in our economic chain. Western Europe Central Bank reluctance to aid gold speculators, indicates that the responsible monetary people are well aware of conditions and standing firm.

4) Defense spending on direct military projects will increase substantially. Leaders of both parties advocate a firm military policy as being a practical necessity. The period of appeasement seems to be ended in this country and other western countries.

5) There will be greater spending on efforts to increase employment and general business. This will be implemented by increased business lending, increased appropriations for roads, etc. and the minimum wage law is likely to be enacted. The greatest impact of enactment of the minimum wage law will be in the south which has been attracting industry.

The stock market has been advancing of late and has shown a firm under tone.

**Soldiers And Tanks Arrive In Mokena**

Hardly a soul in Mokena heard Daniel Kerber, pharmacist and proprietor of Mokena Pharmacy, banging away at shelves, shoving counters into place and just generally putting things ready for one of the most exciting occasions in the history of Mokena.

A little past midnight, this morning, while the whole village slept, planes roared overhead, tanks and troops of wooden soldiers and weapons carriers poured down Front Street and set up headquarters at the little building next to the drug store. In a matter of minutes the commanding officer had his well trained troops in their proper place to await the arrival of their flamorous friends.

It wasn't long before sleek little sports cars arrived with the most beautiful, dazzling dolls the soldiers had ever seen as they took their place on shelves and counters. Santa's little elves arrived with trucks, tractors and just anything on wheels loaded down with little toys, big toys, circus sets, chemical outfits, cuddly animals, games and gadgets and all the things that make Toyland such a wonderful place.

At noon today the doors will swing open. Mrs. Kurber's wife, Birgit, and Art Melin's wife, Signe, will greet shoppers ready to make selections from a complete stock of toys and playthings. The store will be open daily from noon to 9 p.m.; Saturdays from 9 a.m. to 5 p.m. Toyland will be closed Wednesdays and Sundays.

The store will feature brand name toys at popular prices ranging from 49¢ to \$9.98. Selections can be made now and placed on Lay-a-way.

**NEW BELL CHIME**

What a wonderful new idea for your home! Soft musical notes that announce your telephone calls all through the house.

The Bell Chime can be placed anywhere—living room, family room, or any central location. It's inconspicuous and comes in velvety gold or soft ivory to blend with any color scheme or decor.

If you like, you can set it for a loud bell when you're outside in the yard or on the patio. Or set it for the familiar telephone ring.

The cost is surprisingly low—and maintenance is free. Call your Service Representative at your Bell Telephone business office and ask her about the Bell Chime.

Better yet, stop in and have her show it to you. Or if an installer-repairman visits your home, ask to see it.

## Lincolnwood Change Date Of School Club Meet

MRS. LEONARD ANDERSON  
Tel. HU 5-3651

Due to the Thanksgiving holiday, the meeting of the Schmul school Community Club has been advanced a week and will be held tomorrow (Friday) night at 8 p.m.

A very interesting program has been planned, with Tom Olson, vocal teacher at Lincoln-Way high school who will speak on "Stuttering". Hostesses will be the fifth and sixth grade mothers.

Mr. and Mrs. Robert Brown, Pioneer Place, are the parents of a baby girl born Nov. 9 at Silver Cross hospital. The new baby weighed nine pounds and will be welcomed by two

sisters, Pamela and Brenda.  
-0-  
Mr. and Mrs. Walter Mattes have returned from a weeks vacation at Winnebago, Minn., where they visited with her niece, Mr. and Mrs. Ernest Salic. Enroute, they stopped for a visit with his mother, Mrs. Anna Mattes and Mr. and Mrs. Wallie Mattes and family in Chicago.

## New Toyland Will Open

Daniel L. Kurber, proprietor of the Mokena Pharmacy announced the opening of Toyland today adjacent to the Drug store at Front and Mokena streets, Mokena. The new store will be operated by Mr. Kurber's wife, Birgit and Art Melin's wife, Signe.

Toyland will feature a complete stock of known brand toys. Store hours will be noon to 9 p.m., daily and Saturdays 9 a.m. to 5 p.m. Closed on Wednesdays and Sundays.

## Orland Park Purchase New Books For School Rooms, Library

MRS. SHERMAN KNOX  
Tel. FI 9-0211

At the recent book fair sponsored by the PTA, the teachers chose in excess of \$500 worth of books which will be added to the school library and to each individual room. The total cost spent for library books amounts to \$4 per pupil per year.

Students at the school use books from the Illinois State Library as well as utilizing the village library facilities on Tuesdays and Thursdays of each week. It is felt that from these three sources, a variety of books are made available that could not otherwise be accumulated in any one library.

Not having been able to secure a truck for the paper drive the Boy Scouts had scheduled for last Saturday, they have rescheduled the drive for this Saturday, Nov. 19.

At the meeting of the Legion Auxiliary Unit #526, held Friday evening, Nov. 11 Mrs. Howard Braasch was appointed a delegate for a two-year term for the Carl Sandburg high school caucus and Mrs. Karl Ekberg as alternate delegate.

During the business meeting it was agreed that the unit will contribute to the "Gifts for Yanks" program with Mrs. Lilah Kruspe, chairman. Plans were also discussed to have a Christmas party at the December meeting and each member was asked to bring a \$1 gift to exchange.

## PIPELINERS OF ENERGY

### Why Natural Gas Storage Goes Underground

How does the homeowner know he can get all the gas he will need when the thermometer tumbles?

Depleted gas fields near major population centers in the East store gas pipelined from hundreds of miles away for just such needs.

Texas Eastern and New York State Natural Gas Company jointly own the world's largest existing underground storage area, at Oakford in western Pennsylvania. On any one day, Oakford alone can supply enough gas to heat 650,000 homes.

Remote-controlled compressor stations, activated

during peak demand periods, supply the extra push to keep the gas flowing from storage at necessary rates.

Underground storage also solves the problem of keeping the transmission system operating at capacity the year 'round. During summer months, when demand is slack, gas is pipelined into storage, to be pulled out as needed during the winter.

This makes for economy of operation and provides reliable service to local gas distributors when it is needed most... as Texas Eastern fulfills its role as Pipeliner of Energy to the Nation.

## Everything stays clean twice as long in a flameless electric kitchen

There's no flame to create dirt that smudges walls or ceilings. A clean-cooking electric range cooks without soiling, keeps your kitchen clean about twice as long. Result: you spend half as much time and money on washing and decorating.

**Heats food—not you.** A flameless electric range transfers heat to the pan and directly into

foods—not your kitchen. The oven is insulated on all six sides (not just five). Hardly any heat escapes. Your kitchen stays at least ten degrees cooler.

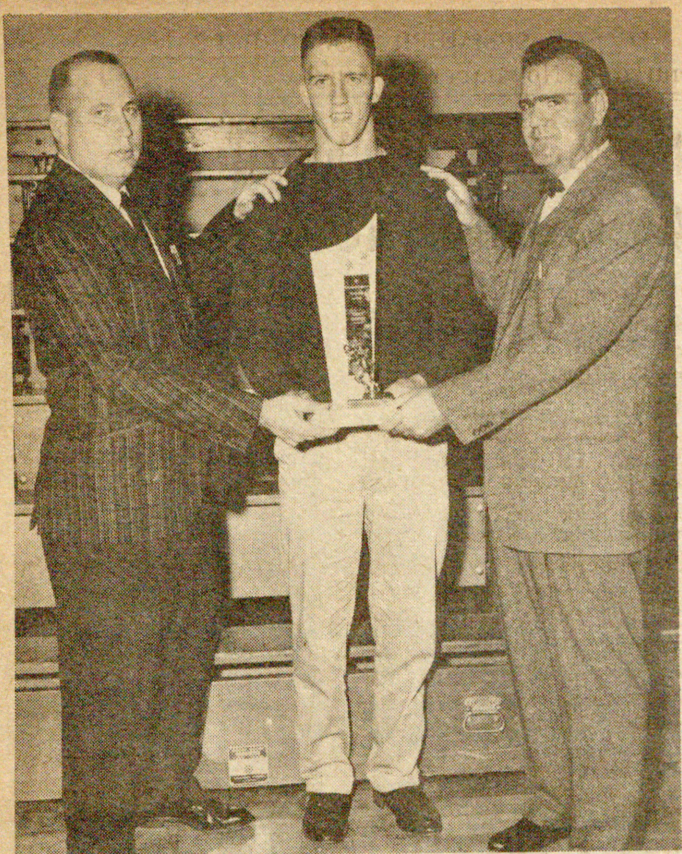

When you build, buy an appliance, or remodel your kitchen, keep in mind the clean, fume-free cooking you get in a flameless electric range.

CELEBRATE TRIUMPH — Carl Sandburg high school students celebrated the triumphs of their football teams at a special assembly last week. The varsity won the Southwest Suburban Conference title for the first time in the school's history while the frosh-soph outfit ended its season in a tie with Reavis for that crown. In the picture at the left Duane Erickson, captain of the

varsity, is holding the trophy that goes to the champion. At the left is Joe Devine, the coach, and at the right is Supt. W. O. Fisher. In the picture on the right Supt. Fisher had just presented the frosh-soph trophy to the coach of that team, Henry Meir. The two students are the co-captains, Mickey Cernick (left) and Al Grossman (right).

### Coach Kruzich Has Seven Lettermen Back For Wars

BY BOB McDONALD  
Coach Joe Kruzich's Lincoln-Way Knights will begin Friday night. Next Wednesday they will play Peotone. Kruzich has an experienced squad with seven lettermen and six seniors. The Knights ended the basketball season last year with 14 wins and 10 losses, took third in the conference and made an all-important trip to the Regional Tournament. This year Kruzich expects rough competition in the conference again with the towering Homewood-Flossmoor squad and with the hard fighting Carl

Sandburg crew. Presently however he is concentrating on getting his team ready for Plainfield. Although there were some football injuries to contend with, Kruzich expects all his boys to be in top physical shape and ready to run. They are sharpening up their eyes at the free throw lane and from the field in preparation. PROBABLY STARTERS He has not chosen a starting five and will probably interchange his lineup often. He does have seven men chosen who will probably do yeoman service for Lincoln-Way. At Center Duane Warning,

6'5" is the most probable starter. At forwards three men will be shooting for the starting positions: Dan Fenn, Ron Yunker a junior, and Al Waldvogel. At guards, he will choose from Ron Cramer, Bob Lichtenwalder and Skip Kruzich. With a full year's experience to fall back on in the tough games and the knowledge that the Knights racked up wins against three conference champs last year (Sandburg, Peotone, Plainfield and Joliet Catholic) the prospects for this season are certainly bright. The Plainfield Wildcats will

be loaded with enthusiasm this coming Friday evening when they tangle with the Lincoln-Way Knights in their first game of the season according to Coach Don Anderson. Aside from that however, Coach Anderson will not venture any predictions on the outcome of the game. As he puts it we have a very inexperienced team as far as working together goes. None of these boys started last year so we will have to work it out as we go along, I expect them to start slow but we will come along as the season progresses. We have high hopes that a good defense

and a lot of hustle will make up for the lack of team experience. The main incentive is that the boys want to play ball.

This will be Dons first year Coaching, a graduate of Wheaton College where he majored in Physical Education, Coach Anderson hopes his team will do as well as the Wildcats did last year. This would indeed be a goal to shoot for as 1959 saw Plainfield winning 20 of its 26 games, a Conference Standing of 10 wins and no defeats and a well earned 1st place in that division.

## 1960 All-Star Football Team For Southwest Suburban Loop

Two All-Star squads have been chosen to represent top football talent in the Southwest Suburban conference this season. One team was chosen for offense, one for defense. Four Sandburg players and one from Lincoln-Way are listed on the offense team; two from Sandburg and three from Lincoln-Way on the defensive team. Rich, which finished second to Sandburg in the final standings, is represented on each team with four players.

The teams:

## Home Bureau Meets In Krapf Home

MRS. KATHERINE HEISNER  
Tel. Frankfort 5187  
Members of the Family Life Circle of the Methodist church will meet in the home of Mrs. William C. Bettenhausen tonight

at 8 p.m. Mrs. Raymond Bettenhausen will be the devotional chairman and Mrs. Carl Weas will lead the discussion. Mrs. Bettenhausen will be assisted by Mrs. Norman Gill as co-hostess.

Mr. and Mrs. Otto DeRuntz of Oak Lawn were guests last Sunday at dinner in the home of their daughter and family Mr. and Mrs. Matt Homering.

METHODIST CHURCH  
Confirmation classes will begin at the church, Saturday Nov. 19 from 9:00 to 10:00 a.m.

Weekend guests of Mrs. William H. Bettenhausen were Mr. and Mrs. John Heitman of Manhattan and Mrs. Matilda Fuss of Lockport.

HOME BUREAU  
Mrs. Alfred Krapf served assorted cookies, nuts and coffee when the Home Bureau unit met in her home last Friday evening. Mrs. Alfred Smith, new president, presided at the business meeting. Ten members answered roll call with "my favorite recipe".

Announcement was made of the Will County tour, December 8, to the Amling Flower Shop and Olson Rug Co.; reservations must be made by Dec. 1.

Mrs. Gilbert Voss, health chairman, read an article on the system and treatment of appendicitis.

Other new officers for the coming year include, Mesdames: Harold Scheer, vice-president; John Wille, secretary and treasurer; Leo Kestel, program chairman; Anthony Canabino, 4-H chairman; William Schram, recreation; Carl Weas and Elmer Schoop, public information; Anthony Zakas, radio; Wesley Bettenhausen, ways and means; and Henry Knater, legislature.

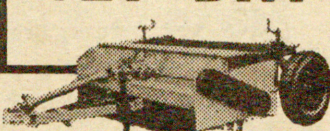

The major lesson "Your hair, your hat, your neckline" was presented by Mrs. Alma Niessner, Home Advisor.

Plans were made for the annual potluck dinner Christmas party, Friday, Dec. 9 at 12:30 p.m. in the home of Mrs. Arnold Landec. A 50¢ gift exchange will be held.

"I can remember when a bank was a place to save money—not borrow it."

**SPEEDY  
'DUAL-ACTION'  
THE SHREDDER  
THAT SHREDS  
WET OR DRY**

and gives twice the cutting power... twice the cutting efficiency

If you can get a tractor into the field, you can shred with Speedy. And get your field cleaner.

"Dual-Action" shredding is the reason. Material is cut by knives, a shredding bar, then by shredding fingers. You can take your Speedy into the toughest weeds, stalks or light brush and thoroughly cut and shred everything in your field. Priced at only \$595.00 (less tires) F.O.B. Oelwein, Iowa.

Quickly and easily converts to a forage chopper

As a forage chopper, the Speedy "Dual-Action" chops and loads straw, stalks and vines for bedding. Chops green or dry hay. The simple addition of a blow back hood converts the Speedy Stalk Shredder to an efficient forage chopper.

## NEW JAMAICA LENGTH PANTY GIRDLE

by Silf Skin

bye  
bye  
thigh  
bulge!

SCULPTURES YOUR THIGHS TO SMOOTH PERFECTION! An entirely new concept in thigh control: the flattering new length that cinches inches to create a marvelously sleek, unbroken line from waist to just a whisper above the knee. And you're longer on comfort throughout your active day! Because SILF SKIN puts maximum emphasis on ease: a pre-shaped back panel controls naturally; a satin front panel firms gently. Hip section eliminates seams.

White only. #528 Jamaica length \$8.95  
#258 Long torso, \$10. Small, medium, large, Extra large slightly higher.  
Fibres: Rayon, Acetate, Nylon, Cotton, Rubber.

## Hollstein School Pupils Visit Museum

Pupils in the first thru eighth grade at the Hollstein school 175th St. near 94th Ave., Tinley Park, with their teacher, Miss Edna M. Gustafson, were recent visitors to the Hinsdale Health Museum, Hinsdale.

The 25 school children and their escorts helped to raise the total attendance at the popular health museum to over 150,000. The museum was opened two years ago by the Kettering Family Foundation and features exhibits on the normal human body and its functions. It is opened to the public the year around with hours from 9 to 5 daily and Sunday from 1 to 5. Admission is free.
